Prayer Activity

It may be that we are still living with many restrictions on our lives this Easter. There will be things you will be looking forward to restarting again soon.

- What are the things you are looking forward to most once restrictions are lifted and life is freer?
- Will you change your approach to these in any way?

Thank you God for all the new opportunities we have to look forward to. Amen

Butterflies

You will need: two squares of patterned paper (one 15cm by 15 cm and one 12cm by 12cm), piece of coloured string or wool, glue stick or sticky glue dots.

Take the larger square and concertina it diagonally from one of the corners. Take the smaller square and do the same with it. Now fold both concertinas in half from the middle and placing the middles together place the smaller square on the bottom and the larger square on the top and secure with a glue dot or glue stick to keep them in place; try and make sure both middles are in line or the butterfly may end up a little lopsided! Now tie together securely with the string around the middle and then gently adjust the wings to make the butterfly.

Think about butterflies being a sign of new life. Think about the Easter story and Jesus' resurrection being a sign of new life for all.

Please post photo's of your crafts in the comments of the Sunday service post on our fb page. <https://www.facebook.com/livingstonoldparishchurch>
