A Big Crowd

You will need: a sheet of paper, thick crayons, pen or pencils. Take a sheet of paper and a chubby crayon. Set yourself a two minute timer, and draw as many dots as possible within that time. Have you managed to draw 5,000 dots? Think about the size of the crowd. Draw as many faces as quickly as you can on a sheet of paper in 3 minutes. How many have you drawn?

Please post photo's of your crafts in the comments of the Sunday service post on our fb page. <https://www.facebook.com/livingstonoldparishchurch>
