Prayer

Reflect on the sacred space we are in today, be it a physical sanctuary, or a virtual one. King David gained control of Jerusalem and made it his city (rather than God's).

When we look round our 'sanctuaries' today, what does the space tell us about ourselves, our faith, our God and our power?

Father God, help us to remember that all that we have is yours. Amen

Crowns For A King

You will need: gold or silver card cut into strips approximately 60cm long by 10cm wide, stick-on gems, jewels, sequins, stars, scissors, stapler.

Prepare your crown by cutting either zigzags, squares or circles along the top and decorate it on one side as you wish using the stick-on materials. When complete simply staple the crown together ensuring an overlap at the back and wear the crown as you think about what kings and queens do. Think about the story and David now becoming king. What do you think would make a good king or queen? Do you think David will be a good king?

Please post photo's of your crafts in the comments of the Sunday service post on our fb page. <https://www.facebook.com/livingstonoldparishchurch>
