Prayer

Think of the times when you have been on holiday or travelling and visiting different worship spaces, perhaps from different traditions and faiths. In these different places, each interpreting God in a different way, what have you discovered and enjoyed and what has challenged you.

Father God, thank you for the challenges you give me and the strength to face them.

Amen

Build a House

You will need: biscuits, icing made to spreadable consistency, bowls, knives, paper plates, matchmakers or similar chocolate or finger biscuits, sweets to decorate, aprons.

Clean your hands and put on an apron. Take a paper plate, a knife and some biscuits. Cover top and sides of biscuits with icing and make the walls of temple. Using finger biscuits or matchmakers and add sweet decorations to the roof and the walls.

Think about making a fancy looking building and the contrast between David's desire to build a temple and the kind of worship God called for. Think about how we can worship God and how the place where we usually meet as church helps us to do that or makes it more difficult for us to do that.

Please post photo's of your crafts in the comments of the Sunday service post on our fb page. <https://www.facebook.com/livingstonoldparishchurch>
